

Propositions of the National Box Lacrosse League 2023

These propositions, issued in accordance with the ČSML (Czech Men's Lacrosse) competition rules, regulate the conditions of participation and organization of the National Box Lacrosse League 2023 (hereinafter referred to as "NBLL 2023") and follow all other regulations of ČSML.

Matters concerning the NBLL not regulated in these NBLL regulations are governed by the applicable competition, registration and disciplinary rules and the ČSML transfer rules and the World Lacrosse box lacrosse rules (version 2015 – 2022).

A. Modified provisions of the ČSML competition rules ("SŘ")

1. **Addition to Article 3.1** - In addition to other conditions for participation in the competition according to paragraph 3.1 of the SŘ, teams are obliged to inform the competition GM about the team roster according to the agreed procedure by February 15th, 2023
2. **Addition to Article 3.4** - The entry fee is CZK 25,000 / € 1,000 per team. The entry fee is due by February 15th, 2023 to the bank account of ČSML No. 2801205689/2010 (according to the issued invoice). By paying the entry fee, the team enters the competition.

As NBLL 2023 will not be presented as a "Czech league", but ČSML will still be providing a crucial management support (i.e. management, coordination and remuneration of referees, players' registrations, games', remuneration of scorers/officials, streaming of games...) the superior organizations of individual countries will participate in the budget beyond the entry fee of individual teams, by the ratio of teams from individual countries participating in NBLL 2023. The total number of NBLL 2023 teams will be 8.

According to the preliminary budget, after including the entry fee, 1/8 is set at € 2,000.

Therefore the participation of individual countries is determined as follows:

Czech Republic: 12000 €

Austria: 2000 €

Germany: 2000 €

The amount is due by February 15th, 2023 to account No. 2801205689/2010 (according to the issued invoice).

3. **Addition to Article 11.2** - Obligations of the organizing club

(Familiarize yourself thoroughly with the obligations under Article 11 of the ČSML Competition Rules and Rules)

h) Other obligations according to the propositions of the competition:

- Provide one person as a timekeeper to operate the time keeping, one person to measure the attacking time and one match record keeper, all familiar with the measuring equipment, timekeeping and the electronic record (more in Article D of these regulations).
- Keep a record of the match in accordance with the regulations and information distributed as part of the "scorekeeper training" (for details see Article D of the NBLL 2023).
- Immediately before the start of the match, hand over a new unpacked set of nine balls to the referees and ensure that the match is played with these balls. The club will receive the ball sets before the first NBLL 2023 match held on its pitch from the competition management. The number of sets will correspond to the draw. Ownership of the set of balls with which the match was played passes to the organizing club after the end of the match, which may continue to use them.

If the organizing club does not hand over the set of balls received from the NBLL 2023 management to the referee before the start of the match of the basic part of the competition, the right to keep this set is cancelled and it will be returned to ČSML after the end of the competition.
