37.1	<p>Once the referee has signalled that the ball is ready for play, the restart shall occur in the same relative position where the ball was when play was stopped. The official shall resume play as quickly as possible. If an opposing player is within five yards of the player that has been awarded the ball, and the official blows the whistle to restart play, the opposing player is not allowed to defend the ball until he reaches a distance of five yards from the opponent. A violation will be a flag down (slow whistle) for delay of game. On any restart, no offensive player may be within 5 yards of the player with the ball. The Referee shall clearly indicate the player who is going to re-start to the opposing goalkeeper on a dead ball (non-quick restart situations) restart that is below the restraining lines in the awarded team's offensive end.</p>
61.18	<p><b>Over and Back</b></p> <p>Once the ball has been cleared into the goal area, the ball shall not return to the defensive half of the field through actions of the offensive team. If this occurs, it is an over and back violation. The result is an immediate turnover and a quick restart for the offended team.</p> <p>If the ball does not touch or go over the midline, no infraction has occurred.</p> <p>Defensive players may legally bat the ball to keep it in the offensive half of the field, but if it is possessed and their feet are in the defensive half, it shall be a turnover.</p> <p>An over and back violation does not occur in the following situations:</p> <ol style="list-style-type: none"><li>1. A shot that leaves the offensive half of the field.</li><li>2. A loose ball that leaves the offensive half of the field and was last touched by the defensive team.</li><li>3. A loose ball that is leaving the offensive half of the field and the defense is called for a loose ball violation (or play-on) or caused the ball to go out of bounds in the defensive end.</li></ol> <p>In all of the above situations, a new clearing clock will be initiated when possession is gained.</p> <p>A.R. 61.2 Red 1 steps into the goal area with possession of the ball. Red 1 attempts a pass to Red 2 that is not caught, and the ball rolls toward the midline. Red 3, who is standing on his defensive half, bats the ball preventing it from crossing the midline without gaining possession. Red 2 picks up the ball, which never crosses the midfield line.</p> <p>RULING: Play continues.</p>
65.1	<p>A team is considered offside when it has no more than 10 players on the field (including players in the penalty box), AND:</p> <ol style="list-style-type: none"><li>a. It has more than six men in its attack half of the field (between the centerline and the end line) including men in the penalty box, OR</li><li>b. It has more than seven men in its defensive half of the field (between the centerline and the end line) including men in the penalty box.</li></ol> <p><i>Note 1: If a player, seeing that he is going to be offside before he can stop, instead runs out of bounds, no penalty shall result from the failure of that player's team to have the required number of men in either end of the field, as long as the player returns immediately to field on the appropriate half of field.</i></p>
